

Announcing

The Music Box Historical Society

The Mission of the newly-formed Music Box Historical Society is to collect and preserve the artifacts and memories of the Music Box, Prudenville, Houghton Lake, MI.

Our purpose is to collect and preserve artifacts, business records, documents, photos, and memorabilia of the Music Box. It is our purpose to honor the memory of Shirley E. and Leland (Lee) J. Kelley, founders and owners of the Music Box from 1946 until 2004.

Our goal is to establish a monument and secure a state historic marker on the former site of the Music Box.

Our plans include:

- recording and preserving oral and written histories of the Music Box;
- sponsoring Music Box related events and to help promote and perpetuate such events;
- establishing museum content, archiving, and establishing an internet presence, newsletter and social media exchange.
